CEDAR LANE ROAD CONSTRUCTION WORK ZONE TEMPORARY SPEED LIMIT REDUCTION

Beginning on Monday, September 29, 2014, the regulatory speed limit on Cedar Lane Road, between 12th Avenue SE and Black Locust Court, will be temporarily lowered to 30 mph. The original request was made by the prime contractor, Duit/TTK Construction. The change is being done both for the safety of the motoring public but also for the personnel involved with the reconstruction of this roadway segment. The lower speed limit, which was established through appropriate engineering studies, is being implemented under the provisions of Section 20-1002 of the Code of Ordinances. The change will be implemented by the construction team. Any questions about the project can be directed to Mr. Angelo Lombardo, City Transportation Engineer, at 405-366-5327 or Angelo.Lombardo@NormanOK.gov.
